Subparticle extraction and localized reconstruction

Hi Tim,

Just wondering if there is any plan for cisTEM-GUI to implement subparticle extraction and localized reconstruction.

Best regards,

Abhishek

timgrant

Hi Abhishek,

Hi Abhishek,

Yes - this is currently partially supported in the development release.

Tim

abhishek2020

Thank you Tim. Looking

Thank you Tim. Looking forward to it. When do you anticipate the next release for the GUI version with the full localized reconstruction module added? Is it likely to be this year or next?

Best,

Abhishek
