EER to MRC

Dear All,

This question might have been addressed here several times before in this forum (I am new to cisTEM and an ex-user of Frealign).

How do we handle eer format movies in cisTEM (convert of mic , .. tiff...).

Thanks

Andy

timgrant

The development version of

The development version of cisTEM allows direct import of EER, for the released version you need to convert them to MRC first.

Tim

Eugene

Support for EER

Hi Tim,

Does cistem-2.0.0-alpha support the EER format? If so, any specifics on the input parameters as both Relion and Cryosparc support EER but with differing input requirements.

Thanks

Eugene
